

Big bathroom design

Furnishing a small bathroom can sometimes be difficult. Sometimes the bathroom must also be shared with a washing machine. Well, then it will be making choices. Or not? With our practical tips you can even organize a small bathroom according to your wishes. Be surprised by our smart tips to make your bathroom look bigger. Our specialists are happy to help you organize your small bathroom as efficiently as possible.

Use the space efficiently

A small space can be large if you use the given surface optimally and above all efficiently. It is often even possible to take a sitz bath, combined with a shower. These are often deeper, but smaller, so you can easily combine bathing and showering and also have space for a washbasin. And maybe even for a toilet!

Extra small bathroom

Many people dream of an en-suite bathroom, especially attached to their own bedroom or guest room. With a few adjustments in the water pipe it is often possible to install a small bathroom.

This extra bathroom can consist of a more compact hip bath with shower, a toilet and a sink. Or maybe you prefer a walk-in shower for a bathtub. Whatever you have in mind, together with the bathroom specialists of bath installations, you can also have a bathroom built in a small space.

The shower floor

There are also a number of options for the floor of a shower. By running the bathroom tiles in your walk-in shower, the bathroom looks more spacious and you can extend the style of the bathroom to the shower. This is nice, for example if you have a small bathroom. However, a separate shower tray from one material has also become increasingly popular. These floors have no joints and are therefore easier to keep clean. In addition, shower floors are available in all kinds of colors so that there is always a floor that suits your bathroom.

Contrary to popular belief, Lorem Ipsum is not simply random text. It has roots in a piece of classical Latin literature from 45 BC, making it over 2000 years old. Richard McClintock, a Latin professor at Hampden-Sydney College in Virginia, looked up one of the more obscure Latin words, consectetur, from a Lorem Ipsum passage, and going through the cites of the word in classical literature, discovered the undoubtable source. Lorem Ipsum comes from sections 1.10.32 and 1.10.33 of "de Finibus Bonorum et
